PROFILE

Electronics and Communication Engineering student with a foundation in Java, SQL, HTML, and Software Testing. Strong analytical and problem-solving skills with an interest in Software Development, Software Testing, and Quality Assurance. Eager to learn, grow, and contribute to real-world software projects.

EDUCATION

V.S.B Engineering College, Karur B.E. Electronics and Communication Engineering CGPA: 8.81/10 (Up to 5th Semester)	2023 – 2027
TNPL Matric Higher Secondary School, Kagithapuram Higher Secondary School (Class XII) Percentage: 82.6%	2022 – 2023
TNPL Matric Higher Secondary School, Kagithapuram Secondary School (Class X) All Pass	2020 – 2021

TECHNICAL SKILLS

Programming Languages: **Java, SQL**
Web Technologies: **HTML**
Testing: **Automation Testing, Test Case Execution**
Core Subjects: **Digital Circuits, Embedded Systems**
Tools: **GitHub, VS Code**
Soft Skills: **Problem Solving, Communication, Teamwork, Analytical Thinking, Time Management**

INTERNSHIP & TRAINING

Infosys Springboard – Automation Testing Intern

- Learned the basics of software testing and automation testing.
- Executed test cases and verified application functionality.
- Identified defects and understood the software testing process.

Internshala – Embedded Systems Training

- Learned embedded systems fundamentals and microcontroller concepts.
- Studied interfacing techniques and embedded system applications.

PROJECTS

Automated Test Execution Framework

- Developed a web-based framework to automate test execution and result tracking.
- Reduced manual testing effort through automated execution and report generation.
- Improved defect tracking and testing efficiency using centralized result management.
- GitHub: github.com/Hemamalini27/automated-test-execution-framework

Remote Classroom for Rural Areas

- Developed a remote learning platform to provide educational access for rural students.
- Enabled live classes, digital content sharing and teacher-student interaction.
- Improved accessibility to learning resources through internet-based technologies.
- GitHub: github.com/Hemamalini27/remote-classroom-platform

Design and Analysis of Compact Microstrip Patch Antenna for WLAN Applications

- Designed a compact microstrip patch antenna operating at 6 GHz.
- Improved impedance matching and reduced signal reflection using EBG structures.
- Evaluated antenna performance for WLAN communication applications.

CERTIFICATIONS

Java Certification (GUVI) — Java Foundation Certification (Infosys Springboard) — NPTEL Certification (Digital Circuits)

ACHIEVEMENTS

- First Prize in Technical Paper Presentation at SelvamScilish 2025.
- State Level Winner in PCRA Essay Writing Competition (Class X).

LANGUAGES

Tamil (Fluent), English (Proficient)
